<b>Minimum System Requirements</b>	Display: 1024 x 768 XGA

#### Standard disclaimers

All Specifications subject to change without notice.  
All brand and product names are trademarks of their respective companies.

#### Footnotes:

- <sup>[1]</sup> Optical resolution is a measure of maximum hardware sampling resolution, based on ISO 14473 standard.
- <sup>[2]</sup> The fastest speed in Hi-Speed USB on Windows PC. Transfer time to computer is not included.
- <sup>[3]</sup> Connecting the bundled USB cable to the port corresponding to USB3.0 and above on PC. Color document scan speed:(Color A4 300dpi) is measured with ISO/IEC 29183 Target-A. Color photo scan speed:(4"x6" 300dpi) is measured with ISO/JIS SCID No.2. Scan speed indicates the time measured between pressing the scan button of the scanner driver and the on-screen status display turns off. Scan speed may vary depending on system configuration, interface, software, scan mode settings and document size etc.
- <sup>[4]</sup> Increasing the scanning resolution will limit the maximum possible scanning area.
- <sup>[5]</sup> Preprocessing time is not included.
- <sup>[6]</sup> Internet connection or CD-ROM drive is required to install the software for Windows. Internet connection is required to use all the user's guide.
- <sup>[7]</sup> TWAIN driver (ScanGear) is based on the TWAIN specification V1.9 and requires the Data Source Manager comes with the operating system.
